## WASHERS & STAMPINGS ON THE LEADING EDGE OF TECHNOLOGY

Prestige is a domestic manufacturer of washers and small stampings since 1967 and is AITF16949 and ISO9001 certified. All products have strict lot traceability and will be certified back to the producing mill if requested.

Stocked Washers – F436, USS, SAE, U-BOLT, Extra Thick

### CUSTOM WASHERS

Prestige Stamping has decades of experience designing and producing custom washers across a wide range of industries.

Materials we stamp include, aluminum, brass, bronze, copper, low and high carbon steels as well as high strength, pre-tempered and stainless steels with a thickness range of .020" through .375" and OD sizes from .435 to 6".

Heat treat processes provided include case hardening, carbonitride, through hardening, superficial hardening, and bright annealing. Plating finishes include zinc, copper, brass, nickel, anodizing, phosphate, organic phosphates, dacromet, and mechanical and hot dip galvanizing. Other processes we provide include micro finishes, grinding, tapping and reaming.

### SPECIAL STAMPINGS

Prestige manufactures a broad range of special simple form stampings including cup washers, shims, bolt retainers, flag stampings, cams and simple brackets. Tooling is built by our qualified die engineering staff and each die is designed for maximum efficiencies, reliability, and cost effectiveness for the end product.
